INDEX TO VOLUME 46

The volume is indexed by SUBJECTS, AUTHORS, and BOOK REVIEWS, in that order.

SUBJECTS

Adoption

Some aspects of adoption in selected samples of adult adoptees, 279

Adolescence

Behavioral classification of welfare children from survey data, 447
Comparative predictive efficiency of intellectual and nonintellectual components of high school functioning, 109
Counter-transference and counter-experience in the treatment of violence prone youth, 43
Sexual attitudes and behavior patterns in a middle-class adolescent population, 689

Alternative Service Delivery

Informal community caregiver: a link between the health care system and local residents, 678

American Orthopsychiatric Association

AOA's president for 1976–77, Harold M. Visotsky, M.D., 196
Business Meeting, 731
Editor's Reports, 2, 194, 386, 578
Reflections on the mental health system, 393

Behavior Modification

Behavior modification in a state mental hospital: a participant-observer's critique, 53
Effect of practice orientations on clinical assessment, 629
Relational and behavioral interventions with economically disadvantaged toddlers, 270
Sequential withdrawal of stimulant drugs and use of behavior therapy with two hyperactive boys, 302

Behavior Symptoms and Problems

Antisocial behavior and social alienation post divorce: the "man of the house" and his mother, 33
Behavioral classification of welfare children from survey data, 447
Children of imprisoned parents: a psychosocial exploration, 618
Community network therapy: an approach to aiding families with troubled children, 608
Counter-transference and counter-experience in the treatment of violence prone youth, 43
Current medical practice and hyperactive children, 323
Effects of parental divorce: experience of the child in early latency, 20
Effects of parental divorce: experiences of the child in later latency, 256
Effects of Ritalin on underachieving children: a replication, 313
Hyperactive children and the efficacy of psychoactive drugs as a treatment intervention, 335
Organic factors in hyperkinesis: a critical evaluation, 353
Relationships between symptomatology and SES-related factors in hyperkinetic/MBD boys, 291
Role of the child in abuse: a review of the literature, 580
Sequential withdrawal of stimulant drugs and use of behavior therapy with two hyperactive boys, 302
Sexual attitudes and behavior patterns in a middle-class adolescent population, 689
Stimulant drugs for hyperactivity: some additional disturbing questions, 168
Symptom alleviation in the hyperactive child by dietary modification: a report of two cases, 637

Child Abuse

Role of the child in abuse: a review of the literature, 580

Child Rearing and Development (*see* Infant Development)

Aiding 'at risk' children through psychoanalytic social work with parents, 89
Antisocial behavior and socia' alienation post divorce: the "man of the house" and his mother, 33
Child care attitudes and adaptation to the ma-

Symptom alleviation in the hyperactive child by dietary modification: a report of two cases, 637

Child Abuse

Role of the child in abuse: a review of the literature, 580

Child Rearing and Development (*see* Infant Development)

Aiding 'at risk' children through psychoanalytic social work with parents, 89
Antisocial behavior and socia' alienation post divorce: the "man of the house" and his mother, 33
Child care attitudes and adaptation to the ma-

ternal role among mentally ill and well mothers, 123
Effects of parental divorce: experiences of the child in early latency, 20
Effects of parental divorce: experiences of the child in later latency, 256
Family television viewing habits and the spontaneous play of preschool children, 496
Psychosocial development among black children and youth: a reexamination, 4
Residential treatment of disturbed children and adequacy of their subsequent adjustment: a follow-up study, 62
Role of the child in abuse: a review of the literature, 580

Children

Aiding 'at risk' children through psychoanalytic social work with parents, 89
Antisocial behavior and social alienation post divorce: the "man of the house" and his mother, 33
Behavioral classification of welfare children from survey data, 447
Child advocacy: a perspective, 200
Child care attitudes and adaptation to the maternal role among mentally ill and well mothers, 123
Children of imprisoned parents: a psychosocial exploration, 618
Community network therapy: an approach to aiding families with troubled children, 608
Comparison of racial/ethnic preferences among Anglo, black and Latino children, 702
Concomitants of social acceptance: exploratory research and implications for treatment, 470
Counter-transference and counter-experience in the treatment of violence prone youth, 43
Current medical practice and hyperactive children, 323
Effects of parental divorce: experiences of the child in early latency, 20
Effects of parental divorce: experiences of the child in later latency, 256
Effects of Ritalin on underachieving children: a replication, 313
Family television viewing habits and the spontaneous play of preschool children, 496
Hospital play program: helping children with serious illness, 416
Hyperactive children and the efficacy of psychoactive drugs as a treatment intervention, 335
Impact of the child's deficiency on the father: a study of fathers of mentally retarded and of chronically ill children, 246
Individuation and discrimination in the classroom, 401
Organic factors in hyperkinesis: a critical evaluation, 353
Peer status and the directionality of symptomatic behavior: prime social competence predictors of outcome for vulnerable children, 74
Psychosocial development among black children and youth: a reexamination, 4
Relationships between symptomatology and SES-related factors in hyperkinetic/MBD boys, 291
Residential treatment of disturbed children and adequacy of their subsequent adjustment: a follow-up study, 62
Role of the child in abuse: a review of the literature, 580
Sequential withdrawal of stimulant drugs and use of behavior therapy with two hyperactive boys, 302
Social and emotional adjustment of infants and toddlers to a day care setting, 104
Stimulant drugs for hyperactivity: some additional disturbing questions, 168
Symptom alleviation in the hyperactive child by dietary modification: a report of two cases, 637
Twins with academic learning problems: antecedent characteristics, 464
Value of integrating handicapped and nonhandicapped preschool children, 236

Clinic Operation

Differences in the provision of mental health services by race, 510
Disposition decisions in a walk-in clinic: social and psychiatric variables, 503
Evaluation of mental health service effectiveness: a "start up" model for established programs, 217

Community Mental Health

Child advocacy: a perspective, 200
Community network therapy: an approach to aiding families with troubled children, 608
Differences in the provision of mental health services by race, 510
Disposition decisions in a walk-in clinic: social and psychiatric variables, 503
Effectiveness of community services for discharged mental hospital patients, 646
Evaluation of mental health service effectiveness: a "start up" model for established programs, 217
Informal community caregiver: a link between the health care system and local residents, 678

Interdisciplinary training and interdisciplinary functioning: a survey of attitudes and practices in community mental health, 669

Cross Cultural Studies

Acculturation and psychopathology among Puerto Rican women in mainland United States, 702
Comparison of racial/ethnic preferences among Anglo, black and Latino children, 702

Drugs (Pharmacology)

Current medical practice and hyperactive children, 323
Effects of Ritalin on underachieving children: a replication, 313
Family planning during psychiatric hospitalization, 154
Hyperactive children and the efficacy of psychoactive drugs as a treatment intervention, 335
Methodological issues in psychopharmacological research: chlorpromazine—a case in point, 477
Residential treatment of disturbed children and adequacy of their subsequent adjustment: a follow-up study, 62
Sequential withdrawal of stimulant drugs and use of behavior therapy with two hyperactive boys, 302
Stimulant drugs for hyperactivity: some additional disturbing questions, 168
Symptom alleviation in the hyperactive child by dietary modification: a report of two cases, 637

Education

Assessing the empathic potential of student teachers of the emotionally disturbed, 163
Individuation and discrimination in the classroom, 401
National policy and situated meaning: the case of Head Start and the handicapped, 229
Value of integrating handicapped and nonhandicapped preschool children, 236

Evaluation and Accountability of Services

Assessing the empathic potential of student teachers of the emotionally disturbed, 163
Conceptual framework for evaluating human service delivery systems, 140
Differences in the provision of mental health services by race, 510
Disposition decisions in a walk-in clinic: social and psychiatric variables, 503
Effect of practice orientations on clinical assessment, 629
Evaluation of mental health service effectiveness: a "start up" model for established programs, 217
Interdisciplinary training and interdisciplinary functioning: a survey of attitudes and practices in community mental health, 669
Reflections on the mental health system, 393

Families/Family Therapy

Aiding 'at risk' children through psychoanalytic social work with parents, 89
Children of imprisoned parents: a psychosocial exploration, 618
Community network therapy: an approach to aiding families with troubled children, 608
Family planning during psychiatric hospitalization, 154
Family television viewing habits and the spontaneous play of preschool children, 496
Myth of the multi-problem family, 526
Role of the child in abuse: a review of the literature, 580

Health Care System

Behavioral classification of welfare children from survey data, 447
Child advocacy: a perspective, 200
National policy and situated meaning: the case of Head Start and the handicapped, 229
Reflections on the mental health system, 393

Hyperactivity

Current medical practice and hyperactive children, 323
Effects of Ritalin on underachieving children: a replication, 313
Hyperactive children and the efficacy of psychoactive drugs as a treatment intervention, 335
Organic factors in hyperkinesis: a critical evaluation, 353
Relationships between symptomatology and SES-related factors in hyperkinetic/MBD boys, 291
Sequential withdrawal of stimulant drugs and use of behavior therapy with two hyperactive boys, 302
Stimulant drugs for hyperactivity: some additional disturbing questions, 168
Symptom alleviation in the hyperactive child by dietary modification: a report of two cases, 637

Infant Development (*see* **Child Development**)

Focus on maternal behavior in infant intervention, 439
Maternal behavior and perceived sex of infant, 135
Relational and behavioral interventions with economically disadvantaged toddlers, 270
Social and emotional adjustment of infants and toddlers to a day care setting, 104

Language Development

Relational and behavioral interventions with economically disadvantaged toddlers, 270

Law and Legislation

Child advocacy: a perspective, 200
From phrenology to psychosurgery and back again: biological studies of criminality, 591
National policy and situated meaning: the case of Head Start and the handicapped, 229
Patients' rights or patients' neglect: the impact of the patients' rights movement on delivery systems, 660

Mental Health Nonprofessionals

Informal community caregiver: a link between the health care system and local residents, 678

Mental Retardation

Impact of the child's deficiency on the father: a study of fathers of mentally retarded and of chronically ill children, 246
National policy and situated meaning: the case of Head Start and the handicapped, 229
Value of integrating handicapped and nonhandicapped preschool children, 236

Parent-Child Interaction

Aiding 'at risk' children through psychoanalytic social work with parents, 89
Antisocial behavior and social alienation post divorce: the "man of the house" and his mother, 33
Child care attitudes and adaptations to the maternal role among mentally ill and well mothers, 123
Children of imprisoned parents: a psychosocial exploration, 618
Community network therapy: an approach to aiding families with troubled children, 608
Effects of parental divorce: experiences of the child in early latency, 20
Effects of parental divorce: experiences of the child in later latency, 256
Focus on maternal behavior in infant intervention, 439
Impact of the child's deficiency on the father: a study of fathers of mentally retarded and of chronically ill children, 246
Maternal behavior and perceived sex of infant, 135
Peer status and the directionality of symptomatic behavior: prime social competence predictors of outcome for vulnerable children, 74
Role of the child in abuse: a review of the literature, 580

Preschool Programs

National policy and situated meaning: the case of Head Start and the handicapped, 229
Social and emotional adjustment of infants and toddlers to a day care setting, 104
Value of integrating handicapped and nonhandicapped preschool children, 236

Primary Prevention

Comparative predictive efficiency of intellectual and nonintellectual components of high school functioning, 109
Instrument for differentiating programs in prevention—primary, secondary and tertiary, 533
Peer status and the directionality of symptomatic behavior: prime social competence predictors of outcome for vulnerable children, 74

Psychological Research

Acculturation and psychopathology among Puerto Rican women in mainland United States, 710
Aiding 'at risk' children through psychoanalytic social work with parents, 89
Child care attitudes and adaptation to the maternal role among mentally ill and well mothers, 123
Children of imprisoned parents: a psychosocial exploration, 618
Comparative predictive efficiency of intellectual and nonintellectual components of high school functioning, 109
Concomitants of social acceptance: exploratory research and implications for treatment, 470
Focus on maternal behavior in infant intervention, 439
Peer status and the directionality of symptomatic behavior: prime social competence predictors of outcome for vulnerable children, 74

Relationships between symptomatology and SES-related factors in hyperkinetic/MBD boys, 291
Sequential withdrawal of stimulant drugs and use of behavior therapy with two hyperactive boys, 302
Sexual attitudes and behavior patterns in a middle-class adolescent population, 689
Social and emotional adjustment of infants and toddlers to a day care setting, 104
Some aspects of adoption in selected samples of adult adoptees, 279
Twins with academic learning problems: antecedent characteristics, 464

Psychiatric Research

Effects of Ritalin on underachieving children: a replication, 313
Methodological issues in psychopharmacological research: chlorpromazine—a case in point, 477
Stimulant drugs for hyperactivity: some additional disturbing questions, 168
Symptom alleviation in the hyperactive child by dietary modification: a report of two cases, 637

Psychotherapy

Community network therapy: an approach to aiding families with troubled children, 608
Counter-transference and counter-experience in the treatment of violence prone youth, 43
Differences in the provision of mental health services by race, 510
Disposition decisions in a walk-in clinic: social and psychiatric variables, 503
Effect of practice orientations on clinical assessment, 629
Feelings of the psychotherapist, 542
Myth of the multi-problem family, 526

Public Health

Conceptual framework for evaluating human service delivery systems, 140
Torture and genocide as public health problems, 388

Racial Factors

Comparison of racial/ethnic preferences among Anglo, black and Latino children, 702
Differences in the provision of mental health services by race, 510
Psychosocial development among black children and youth: a reexamination, 4

Rehabilitation

Effectiveness of community services for discharged mental hospital patients, 646
Hospital play program: helping children with serious illness, 416
Residential treatment today: the paradox of new premises, 425

Residential Treatment

Residential treatment of disturbed children and adequacy of their subsequent adjustment: a follow-up study, 62
Residential treatment today: the paradox of new premises, 425

Schizophrenia

Methodological issues in psychopharmacological research: chlorpromazine—a case in point, 477
Television in the hospital: programming patients' delusions, 434

Social and Economic Issues

Children of imprisoned parents: a psychosocial exploration, 618
Comparison of racial/ethnic preferences among Anglo, black and Latino children, 702
Differences in the provision of mental health services by race, 510
From phrenology to psychosurgery and back again: biological studies of criminality, 591
Informal community caregiver: a link between the health care system and local residents, 678
Sexual attitudes and behavior patterns in a middle-class adolescent population, 689
Torture and genocide as public health problems, 388

Social Policy

Child advocacy: a perspective, 200
Effectiveness of community services for discharged mental hospital patients, 646
National policy and situated meaning: the case of Head Start and the handicapped, 229
Reflections on the mental health system, 393
Torture and genocide as public health problems, 388

Social Role and Sex Role

Acculturation and psychopathology among Puerto Rican women in mainland United States, 710

Children of imprisoned parents: a psychosocial exploration, 618
Concomitants of social acceptance: exploratory research and implications for treatment, 470
Focus on maternal behavior in infant intervention, 439
From phrenology to psychosurgery and back again: biological studies of criminality, 591
Informal community caregiver: a link betwen the health care system and local residents, 678
Maternal behavior and perceived sex of infant, 135
Sexual attitudes and behavior patterns in a middle-class adolescent population, 689

Sociocultural

Acculturation and psychopathology among Puerto Rican women in mainland United States, 710
Comparison of racial/ethnic preferences among Anglo, black and Latino children, 702
Concomitants of social acceptance: exploratory research and implications for treatment, 470
Family television viewing habits and the spontaneous play of preschool children, 496
From phrenology to psychosurgery and back again: biological studies of criminality, 591
Psychosocial development among black children and youth: a reexamination, 4

Training and Supervision

Assessing the empathic potential of student teachers of the emotionally disturbed, 163
Effect of practice orientations on clinical assessment, 629
Feelings of the psychotherapist, 542
Interdisciplinary training and interdisciplinary functioning: a survey of attitudes and practices in community mental health, 669
Myth of the multi-problem family, 526
Reflections on the mental health system, 393
Residential treatment today: the paradox of new premises, 425

Violence, Self-Injury

Counter-transference and counter-experience in the treatment of violence prone youth, 43
From phrenology to psychosurgery and back again: biological studies of criminality, 591
Role of the child in abuse: a review of the literature, 580
Torture and genocide as public health problems, 388

Women

Acculturation and psychopathology among Puerto Rican women in mainland United States, 710
Antisocial behavior and social alienation post divorce: the "man of the house" and his mother, 33
Child care attitudes and adaptation to the maternal role among mentally ill and well mothers, 123
Family planning during psychiatric hospitalization, 154
Maternal behavior and perceived sex of infant, 135

Youth and Students

Counter-transference and counter-experience in the treatment of violence prone youth, 43
Psychosocial development among black children and youth: a reexamination, 4
Sexual attitudes and behavior patterns in a middle-class adolescent population, 689
